This is generally the necessary ground education qualification necessary for admission into the school. A fair knowledge of English, at least such as that ordinarily possessed by a qualified Secondary School-leaving Certificate holder, is necessary to undergo the course with profit. The higher the general education qualification, of course the greater will be the benefit derived from the training given in the school, and the capacity to utilize that training to advantage. Admissions to the Government School will be given on reasonable terms. Those that do not get admission at once will get it later on before they complete their full course in the school.

School Fee.—Rs. 5 per subject per term, except for typewriting, payable in three equal instalments in the months of January, February and March, and again in the months of June, July and August. The fee for typewriting is Rs. 12 per term also payable in three instalments. The same rate of fee is charged for each of the grades.

Subjects and Classes.—In the English Department, instruction is given in the following six commercial subjects, and students are prepared for the Government Technical Examinations in the Lower and Higher grades in each:—

- | | |
|------------------------------------------------------------------------|---------------------------|
| (1) Book-keeping. | (4) Commercial Geography. |
| (2) Theory and Practice of Commerce or
Commercial Law and Practice. | (5) Shorthand (Pitman's). |
| (3) Banking and Financial Economy. | (6) Typewriting. |

Each of the grades is a subject generally taken a year.

Fee-rolls.—The fee-roll is so arranged as to enable a beginner to study almost all the subjects taught in the school in one and the same year.

Classes of the Typewriting Class.—are divided into batches, each batch proceeding for one hour every school day. The class is held from 7-45 to 10-45 a.m. and from 2-30 to 7-30 p.m. The other classes are held from 10-45 to 1-45 a.m. and from 4-30 to 7-30 p.m. All the classes are held in the morning and evening hours in effect facilities specially in young men studying in day schools or engaged in office.

School Year and Session.—The course begins every year in January and ends on 30th November. The first term is from January to April and the second term is from June to November. The Government Technical Examinations in all the subjects under 'Commerce' are held towards the end of November every year, and the school closes immediately in preparation for the Christmas Vacation and re-opens early in January. The examinations in Shorthand and Typewriting are held in April also, and immediately after which the mid-summer vacation begins. The school will accept students about the middle of June after mid-summer, but students only in January every year, and such students must join early in January, at least before the 15th. Admission may also be made in June for a month after the re-opening of the school in the case of those who might already possess a knowledge of the subjects as to enable them to join probably the classes then at work.

Students that seek admission in June in the Shorthand and Typewriting classes will be prepared for the Lower grade examinations of April next.
